**In the Specification:**

Please amend the specification as follows:

On page 1, please insert the following after the title and before the heading "Field of Invention":

**Related Applications**

The present application is a 35 U.S.C. §371 national phase application of PCT International Application No. PCT/EP2003/012879, having an international filing date of November 14, 2003 and claiming priority to European Patent Application No. 02445177.5, filed December 16, 2002, European Patent Application No. 03011580.2, filed May 22, 2003, and United States Provisional Application No. 60/474,025 filed May 29, 2003, the disclosures of which are incorporated herein by reference in their entireties. The above PCT International Application was published in the English language and has International Publication No. WO 2004/055779.

Please amend the paragraph starting at Page 1, line 5 as follows:

**Field of invention the Invention**

The present invention relates to electronic devices, and more particularly, to devices a ~~device~~ for generating speech associated with information shown on a display, ~~especially displays on portable devices such as mobile telephones and the like. A conversion circuit converts the data shown to audible speech helping the user to operate the apparatus. The invention also relates to an apparatus arranged to cooperate with such a device or incorporating such a device, and a computer program product therefor.~~

Please amend the paragraph starting at Page 1, line 5 as follows:

**State of the art Background of the Invention**

In portable devices, such as mobile telephones etc., the displays may be ~~[[are]]~~ used to display menus controlling the operation and settings of the device or other information relating to messages or games. The displays are often small, which may be a problem for the
